Reading books has always been a fun activity. Nowadays society is offered loads of low quality films, shows, programmes that occupy social networking sites as well as technologies and time for reading is no longer left.

The aim of the school's library is to involve kids as much as possible into the world of books.

At the end of September , first graders visited a library at school. Children were introduced to the books in the library, how to borrow a book, how to store it and many other important things. It is also very important to draw children's attention to how to behave in the library and in the reading room. In order to become true readers, first graders had to become familiar with the rules of the library, and the children having uttered the oath of the reader became true full-fledged school's library readers.

“The Benefits of Reading ”

We had a discussion with our fourth graders why worth to read.

Commemorating Press Recovery, Language and Books Day on 7th May, 4 & 7 graders took part in the action "Lithuania reads!". This activity took place in the library where students shared their reading experiences.

Primary school students read a tale “ Drevinukas”
('Little canvas') by A. Matutis in the school hall.

PERFORM THEM.

8 YEARS AGO WE STARTED THE PROJECT 'CHRISTMAS OF BOOKS'.
SCHOOL LIBRARIES IN LITHUANIA ARE IN NEED OF NEW BOOKS
FOR CHILDREN AND YOUTH, SO WE ENCOURAGE STUDENTS TO
GIVE US NEW BOOKS AS GIFTS.

THIS INITIATIVE WAS PROPOSED BY FORMER PRESIDENT
DALIA GRYBAUSKAITĖ.

63 BOOKS HAVE BEEN GIFTED
TO OUR LIBRARY.

‘Christmas of the books’ is a great opportunity to give to the library books as gifts, talk about the period of Advent and do something good. Students read stories to pre-schoolers and played the riddles.

VARIOUS EXHIBITIONS
ARE HELD IN
THE LIBRARY

One piece of exhibition is 5th graders installation 'The story of a book in the box'.

„Kodėl žmogus nepripažįsta savo ydų?
Todėl, kad jis vis dar skendi jose. Tai tas
pats, kaip reikalauti iš miegančiojo
papasakoti sapną.“

„Iki jums gimstant jūsų tėvai nebuvo
tokie nuobodūs. Tokie jie tapo
apmokėdami jūsų sąskaitas, skalbdami
jūsų drabužius ir klausydami jūsų kalbų
apie tai, kokie ypatingi jūs esate ir kokie
nevykėliai jūsų mokytojai. Tad prieš
imdami gelbėti atogrąžų miškus nuo
jūsų tėvų kartai priklausančių niokotojų
visų pirma pamėginkite išsikuopti
drabužių spintą savo kambaryje,
tvarkingai susidėti batus koridoriuje ir
pavalgę išsiplauti savo indus.“

„Neskubėk teisti, skubėk suprasti.“

„Ilgai bendraujant pamilstamas ir
blogis, ir gėris.“

„Kiekviena diena – vis naujas
gyvenimas.“

„Gerbk tuos, kurie bandė atlikti didžius
darbus, net jeigu jiems tai nepavyko.“

„Tam, kuris neturi ko tikėtis, nėra ir ko
nusiminti.“

„Taurus žmogus nesišvaisto pažadais, o
daro daugiau, negu žadėjo.“
